

Decorative Coffin Samples

Expressions

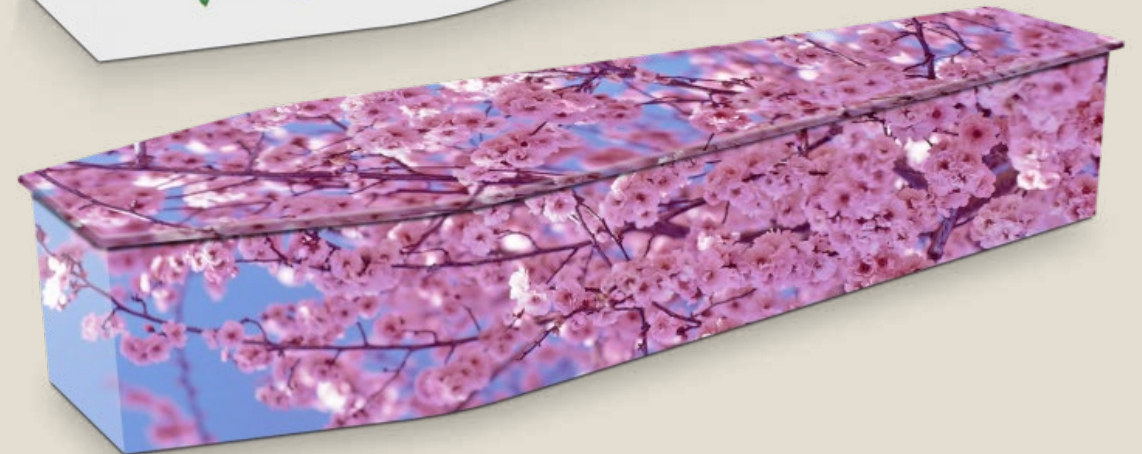

- Our coffins are all Australian made and are created from our own locally sourced, plantation pine fibreboard (commonly referred to as 'MDF' or 'Customwood'), which is a sustainable, renewable resource.
- Our Crystal Clear high-resolution image wraps are produced using environmentally-friendly, water-based inks, and the technology has been recognised as an industry leader in environmental certifications and awards.
- The handles will be clear so the picture won't be interrupted.
- When you purchase one of our coffins, a memorial tree will be planted on your behalf. This special tree will be planted by a non-profit group dedicated to the reforestation, maintenance and protection of trees in Australia.

White Wicker

Our natural and eco-friendly 'White Wicker' is made from a variety of organic materials. The art of wickerwork takes its heritage from the ancient craft of basket weaving. A simple design with durability, the 'White Wicker' is tightly hand woven by our local craftsmen in Indonesia using traditional methods passed down from generations.

Kabu

- 100% Natural and biodegradable
- Constructed with Bamboo frame to ensure structural integrity
- Calico lining with liquid resistance
- Pillow is filled with plantation pine wood chips

Kabu Interior

Pandanus

The 'Pandanus' is the marriage of the 'Banana' with the 'White Wicker'. It combines the elegance of a two tone contrast, braided with dried sustainable fibres. Together with the durability of Wicker, this is a popular and eco-friendly choice.
